

Why Choose Global Vision?

✓ **Experience & Reputation.**

Global Vision has **20 years of experience servicing the pharmaceutical industry.** As the leader in the industry, Global Vision is proud of its history of innovation and unparalleled customer service. Experience, reputation, and trust are the key reasons why we are the **#1 supplier to the pharmaceutical industry.**

✓ **Scalable & Flexible Product Suite.**

We offer **server based solutions.** Our server based solutions allow for a **rapidly deployable and cost-effective** alternative to maintaining enterprise solutions.

✓ **# 1 in Customer Service by External Auditors.**

Our entire identity is built upon ensuring **superior customer service.** From implementation, training, support, and to product development; our clients repeatedly tell our auditors that this is what sets us apart.

✓ **International Presence.**

Global Vision has customers and offices around the world. Our customers have complete security and peace of mind knowing that **support is always around the corner.**

✓ **Award Winning Products.**

Global Vision's products are backed by industry awards. Global Vision's Docu-Proof recently won **the top 50 technology award** from Start-IT magazine. The award honors solutions that help companies in manufacturing industries improve their business efficiencies.

✓ **Quality, Quality, Quality...**

Global Vision adheres to the highest quality standards complies with **software development lifecycle procedures** to ensure complete validation. We are 21 CFR Part 11 compliant, cGMP Compliant , ISO 9001:200 Certified, EMEA & FDA compliant.

Global Vision has not only **passed every single audit,** but has been successfully audited by some of the top pharmaceutical companies in the world. Some examples include Pfizer, Wyeth, Procter & Gamble, Astrazeneca, Baxter, Eli-Lily, and Johnson & Johnson.

✓ **Client Portfolio.**

We have the most **extensive and elite client portfolio.** Our clients include major companies such as Procter & Gamble, Pfizer, Glaxo, Merck, and Abbott.

✓ **Product Development Responds Directly to Our Community of Users.**

Global Vision has a **large R&D team** dedicated to building the most advanced solutions on the market. As the largest company solely focused on automated proofreading technology, our clients benefit by gaining access to latest innovations that are built directly from the input of our **large community of users.**
