

the Global Vision Difference

Interested in knowing why our customers choose us? The reason for our success is deeply rooted in how Global Vision has been able to respond, differentiate and meet all our clients needs over the last two decades. Our clients tell us we are unmatched, this is why...

Extreme Quality Standards. Global Vision is ISO 9001-2000 Certified and GxP Compliant. Global Vision adheres to these high standards to ensure that we consistently exceed our customers' expectations.

Experience, Expertise, & Reputation. Global Vision is proud of its long history as the pioneers of automated proofreading technology. Our profound understanding of and response to our clients' challenges has led us to our position as experts in artwork and text security.

Validated Products. Global Vision's products meet FDA requirements including 21 CFR Part 11. All products are available with fully compliant validation documents. Rigorous testing, thorough validation procedures, and a successful history of client audits has helped make Global Vision the most reliable choice.

Product Development. Unique to Global Vision, our products are developed according to the strictest product lifecycle standards. Product lifecycle documentation standards include user requirements specifications, functional requirements specifications, unit testing, and system testing. Global Vision is the only supplier that has the capability of passing a software audit.

Total Solutions & Services. Global Vision has an extensive portfolio of products devised to streamline the entire artwork workflow process, from Regulatory Affairs, Marketing, Graphics, QA/QC, Production, all the way to Printing. Global Vision offers installation, training, validation, and workflow services to ensure continuous success.

Unmatched International Service and Support. Global Vision has a dedicated team of professionals, from customer support, training, installation, consulting, R&D, to validation. Our customers have peace-of-mind knowing that support is always around the corner.

Financial Stability. Global Vision is a strong and financially stable company that is steadily growing. Our customers are assured their investment is secure.

Superior Product Engineering & Design. Easy to use. Reliable. Flexible. Global Vision has such confidence in the superiority of our products that we offer a satisfaction guarantee.

Proven Solutions. As the largest company solely focused on automated proofreading technology, our client-base directly benefits from being part of a large community of users. Our extensive client portfolio is proof of the Global Vision difference.
